# Subject Index

# Volume 28

Adipose tissue
  dietary trans fatty acid, 1020
  energy-reduced dietary regimen in obesity and cellularity of, 445
  lineolate, 577
Adolescents
  folate intakes, 363
  lowering of plasma cholesterol levels, 1204
  pregnant, anthropometric and dietary findings, 1422
Albumen, plasma amino acids, 316
Albumin synthesis
  amino acid stimulation after partial hepatectomy, 1412
  tryptophan, 1356
Alcohol removal from blood with oral fructose and sucrose, 254
Alcoholics, use of food by, 1377
Alloxan, garlic in diabetes, 684
Altitude, high, fat utilization, 242
Amino acids
  calculation of requirements, 1052
  excretion during sandfly fever, 110
  fortification, 805
  fortification of rice, 170
  infusions of as protein-sparing agents, 477
  in Tunisian diet, 1183
  plasma
    control of brain monoamine synthesis, 638
    on isonitrogenous diet containing albumen, 316
    pattern in pellagra, 325
  stimulation of albumin synthesis after partial hepatectomy, 1412
  uptake by red blood cells in protein-calorie malnutrition, 233
α-Amino nitrogen, plasma, effect of oral contraceptives and pyridoxine on, 846
Aminotransferase in pill users taking vitamin $B_6$, 10
Anaerobic organisms, intestinal, bile acid inhibition of, 119
Anemia
  intestinal iron absorption, 140
  megaloblastic, due to folic acid deficiency, depressed cell-mediated immunity, 225
  responses to iron treatment, 982
Anorexia nervosa, tryptophan and albumin synthesis, 1356
Anthropometric data
  adolescent and adult pregnant women, 1422
  body fat, 162
  insulin, glucose, lipid, and, 1387
Anticonvulsants, creatinine excretion, 310
Arthritis, rheumatoid, 1200
Aryl acids, effect of diet on metabolism, 1110
Ascorbic acid
  common cold, 973
  oral contraceptives, 550
  plasma cholesterol and triglyceride levels, 584
Atherosclerosis, oral contraceptives, 542

Baghdad, protein-calorie malnutrition, 661
Bean, William Bennett, 301
Benzopyrones as vitamin P, 1242
Betel nut, thiamin status in Thais, 1458
Bile acids
  binding, 305
  inhibition of intestinal anaerobic organisms, 119
Bile salts
  binding, 305
  mucosal uptake of cholesterol from, 692
Birth weight
  dietary intake in pregnancy, 1322
  maternal nutrition, 1223
Blindness in Brazil, 202
Blood, fetal, vitamin A transport, 967
Body composition, prediction equations, 105
Body fat, anthropometric measurements, 162
Body water, anthropometric measurements and body fat, 162
Body weight
  low carbohydrate, high fat diet, 800
  nutrition in New Guinea, 1443
Bone, mineral content, 566
Bone density of newborns, maternal malnutrition, 482
Bowel flora in newborn, 1351
Brain, control of monoamine synthesis by diet and plasma amino acids, 638
Brazil, blindness, 202
Bread, prevention of folate deficiency by food fortification, 761
Breast-feeding
  in Nigeria, 88
  serum cholesterols in infants, 42
Buformin, treatment of reactive hypoglycemia, 1271

Calcium
dietary lactose effect on absorption, 238
effects of dietary lactose on intestinal absorption, 681
metabolism, 1028
Calorie deficiency, growth, 246
Cancer, gastrointestinal, dietary method for epidemiologic study, 1055
Carbohydrates
effect of oral contraceptives and vitamin $B_6$ deficiency on metabolism, 872
effects of restriction of on glucose tolerance, 748
hyperlipemia, 200
metabolism in Eskimos, 588
Casein, supplemental iron absorption, 487
Catalase, hepatic, vitamin E deficiency, 1087
Cellular immunity in semistarved states in hospitalized adults, 1148
Cervical epithelium, oral contraceptive hormones and folate metabolism, 346
Chloramphenicol metabolism in protein-calorie malnutrition, 977
Cholesterol
effect of hydrogenated fat on plasma levels, 726
lowering of plasma levels, 1204
mucosal uptake, 692
plasma, triglyceride levels, 584
progestogen and oral contraceptive effects, 686
serum
bowel flora in newborn, 1351
of infants, 42
Chromosomes, drug effects on structure, 521
Coconut milk, inhibition of iron absorption, 1348
Cold, common, ascorbic acid, 973
Colon, fiber deficiency and disorders of, 293
Comments in Biochemistry, 183, 273
Comments in Gastroenterology, 1296
Conjugase, estrogen stimulation of activity, 530
Contraceptives, oral
ascorbic acid, 550
carbohydrate metabolism, 872
effect on mineral nutrients, 377
effect on vitamin $B_6$ metabolism and on plasma tryptophan and $\alpha$-amino nitrogen, 846
effect on vitamins, 385
effects on nutrient metabolism, 329
effects on vitamins, cholesterol, and triglycerides, 686
homocystine, atherosclerosis, and thrombosis, 542
hormones, folate metabolism, and cervical epithelium, 346
metabolism of tryptophan and niacin with vitamin $B_6$ intake, 146
nutrient metabolism, 515
trace mineral metabolism, 392
tryptophan excretion and levels of lipids, vitamins, and copper, 403
vitamin and lipid levels in serum, 371
vitamin $B_{6_2}$, 10
vitamin $B_6$ requirements, 535
vitamin $B_6$ status, 739
vitamin E status, 436
vitamin nutrition status, 606
Copper, coronary heart disease, 764
Copper compounds, oral contraceptives, 403
Creatinine, variability of excretion, 310
Crisis, food-population, 669
Cytochromes, vitamin E deficiency, 1087

Densitometry, anthropometric measurements and body fat, 162
Diabetes
alloxan, garlic, 684
glucose metabolism and complications, 273
ketoacidosis in obesity, 264
lipoatrophic, nerve growth factor, 1344
Diabetics, increased disaccharidase activity, 621
Diarrhea, 804
oral glucose-electrolyte therapy, 189
Diet
adolescent and adult pregnant women, 1422
amino acid composition, 1183
aryl acid metabolism, 1110
balanced fat, 1204
control of brain monoamine synthesis, 638
elemental, 46
energy-reduced regimen, 445
fiber and coronary heart disease, 798
fiber-free, nitrogen and fecal output, 502
fiber-free semisynthetic, fat-protein ratio and fecal output, 1237
folate intake, 363
intestinal enzyme adaptation, 648
iron deficiency in Finland, 1141
low carbohydrate, high fat, body weight, 800
lower esophageal sphincter, 1296
low vitamin E, blood levels of tocopherol, 706
plasma retinol transport system, 732
polyunsaturated, plasma lipids, 1126
pregnancy, 1322
protein levels and nitrogen balance, 879
reducing, 837
safe protein-calorie ratios, 281
semisynthetic, to study iron absorption, 1289
titrating lineolate to platelet function, 601
vitamin E, 571, 577
zinc and iron supplementation, 717
Disaccharidase
after intravenous and oral glucose, 1122
increased activity in diabetics, 621
Dropsy, epidemic, in New Delhi, 883

Economics, nutrition programs, 1177
Editorial, 669, 797
Elderly, nutrition program, 1349
Electroencephalogram, abnormalities after mega-

doses of vitamins, 51
Endopeptidases, pancreatic, inhibition spectra, 823
Endurance, swimming, effects of α-tocopherol acetate, 205
Energy during growth failure and "catch-up" growth, 1364
Energy intake, nitrogen balance, 1116
Enteropathy, protein malnutrition, 894, 901, 914
Enzymes
  interactions with hormones and enzymes, 626
  intestinal adaptation, 648
Epidemiology, gastrointestinal cancer, 1055
Epidermis, changes during fasting, 866
Epilepsy, vitamin megadoses, 51
Erythrocytes, folate, 1217
Eskimos
  bone mineral content, 566
  carbohydrate and lipid metabolism, 588
  fatty acid composition of plasma lipids, 958
  urinary excretion of vitamins, minerals, and nitrogen, 1402
  vitamin E status, 808
Esophagus, diet and lower sphincter, 1296
Estrogen stimulation of conjugase activity, 530
Ethanol, endogenous production after jejunoileal bypass for obesity, 1277
Ethics, 797
Ethynodiol diacetate effects on serum folic acid and vitamin $B_{12}$ levels and tryptophan metabolism, 354
Exercise, effect of feeding polyunsaturated fatty acids on blood tocopherol levels, 706

Faddism, food, 1083
Fasting
  changes in epidermis, 866
  infection effect on nitrogen metabolism, 1044
  metabolic effects of glucose, 507
  taste thresholds for salt, 814
Fat
  dietary lactose effect on absorption, 238
  disappearance in liver, in malnutrition, 1330
  hydrogenated, plasma cholesterol and triglyceride levels, 726
  utilization at high altitude, 242
Fat-protein ratio, fecal output, 1237
Fatty acid deficiency, essential, in parenteral nutrition, 258
Fatty acids
  composition of plasma lipids in Eskimos, 958
  dietary trans, incorporation into serum lipids, 1020
  endogenous, in alimentary triglyceridemia, 36
  polyunsaturated
    blood levels of tocopherol, 706
    tocopherol, 717
    vitamin E, 571
Fecal output
  dietary nitrogen, 502
  fat-protein ratio, 1237
Fetus
  folic acid and vitamin $B_{12}$ in liver, 1085
  maternal protein deprivation, 989
  vitamin A transport in blood, 967
Fiber
  dietary, coronary heart disease, 798
  intake and nutrient absorption, 1161
  plant, in nutrition, 675, 1347
  wheat, blood lipids, fecal steroid excretion, and serum iron, 1408
Fiber deficiency, colonic disorders, 293
Finland, iron deficiency and dietary factors, 1141
Fish, fermented, thiamin status in Thais, 1458
Fluoride, effect of vitamin C on excretion of in fluorosis, 1234
Fluorosis, vitamin C and fluoride excretion, 1234
Folate
  bioavailability, 1014
  coenzymes in intestinal blind loop fluid, 925
  dietary intakes and plasma concentrations, 363
  food values, 1341
  in fetal liver, 1085
  intravenous, EEG abnormalities and seizures induced by, 51
  metabolism
    in scurvy, 126
    oral contraceptive hormones and cervical epithelium, 346
  nutritional stability, 438
  serum and erythrocyte, in combined iron and folate deficiency, 1217
  use of food by alcoholics, 1377
  variation in plasma levels, 854
Folate deficiency
  nutritional survey, 1454
  prevention by food fortification, 459, 465, 471, 761
Folic acid, effects of ethynodiol diacetate and mestranol on serum levels, 354
Folic acid deficiency, depressed cell-mediated immunity in megaloblastic anemia due to, 225
Food
  faddism, 1083
  folate values, 1341
  fortification, prevention of folate deficiency, 459, 465, 471, 761
  iron absorption, 1289
  population, 934
  population crisis, 1346
  total, soluble, and ionizable iron, 1350
  use of by alcoholics, 1377
Food intake, nutrition in New Guinea, 1443
Fortification, food, prevention of folate deficiency, 459, 465, 471, 761
Fructose, oral, alcohol removal from blood with, 254
Fructosediphosphatase after intravenous and oral glucose, 1122

Galactosemia, creatinine excretion, 310
Garlic, alloxan diabetes, 684
Gastrointestinal disorders, diet and intestinal enzyme adaptation, 648
Gestation length, nutritional and environmental factors, 1170
Glucose
  adaptive changes after intravenous and oral, 1122
  insulin, lipid, and anthropometric data, 1387
  metabolic effects in fasting, 507
  metabolism of, and diabetic complications, 273
  milk consumption and rise in blood levels of, in lactose intolerance, 677
  relations to insulin and triglycerides in obesity, 616
  tolerance with carbohydrate restriction, 748
Glucose-electrolyte therapy, oral, for diarrhea, 189
Glycolytic enzymes, adaptation to dietary sugars in intestine, 453
Goiter, iodine, 712
Growth
  "catch-up," energy and protein consumption during, 1364
  during protein or calorie deficiency, 246
  of adipose and lean tissue in obesity, 157
  of ethnic groups in the United States, 1071
Growth failure, energy and protein consumption, 1364
Growth hormone, riboflavin, 569
Growth status, nutrition deficiency signs, 209
Guatemala, head and chest circumferences of children, 1061

Heart attacks, high intake of sucrose, 1343
Heart disease
  coronary
    dietary fiber, 798
    zinc/copper hypothesis, 764
  sucrose and hypertension, 195
Heat, protein requirements in, 494
Height-arm circumference measurement for nutritional selectivity, 775
Hemodialysis, plasma level and transfer capacity of thiamin, 1105
Hemoglobin, race differences, 563
Hepatectomy, partial, albumin synthesis after, 1412
Homocystine, atherosclerosis and thrombosis, oral contraceptives, 542
Hormones, interactions with nutrients and enzymes, 626
Hospitalization, cellular immunity in semistarved states, 1148
Hyperalimentation, iatrogenic lipidosis after, 1156
Hypercholesterolemia, plasma cholesterol and triglyceride levels, 584
Hyperlipemia, carbohydrate-induced, 200
Hypertension, sucrose and heart disease, 195
Hypertriglyceridemia, in chronic renal insufficiency, 1036
Hypoalbuminemia, tryptophan and albumin synthesis, 1356
Hypoglycemia
  glucose tolerance with carbohydrate restriction, 748
  reactive, treatment with buformin, 1271

Immunity
  cellular, in semistarved states in hospitalized adults, 1148
  depressed cell-mediated, in megaloblastic anemia due to folic acid deficiency, 225
Immunologic responses in malnourished children, 89
India
  epidemic dropsy, 883
  vitamin A nutritional status, 1436
Infants, serum cholesterol, 42
Infection
  nitrogen metabolism and fasting, 1044
  sandfly fever, urinary amino acid excretion, 110
Insulin
  glucose, lipid, and anthropometric data, 1387
  relations to glucose and triglycerides in obesity, 616
Insulin-insensitive pathways, glucose metabolism and diabetic complications, 273
International Nutrition, 79, 287, 661, 1061, 1189, 1322, 1443
Intestine
  diet and enzyme adaptation, 648
  dietary lactose and calcium and magnesium absorption, 681
  effect of microorganisms on sugar absorption, 841
  folate coenzymes in blind loop fluid, 925
  glycolytic enzyme adaptation, 453
Iodine, goiter, 712
Iran, zinc and iron supplementation of diets, 717
Iron
  absorption from food, 1289
  diet supplementation, 721
  fortification of salt with, 1395
  inhibition of absorption by coconut milk, 1348
  intestinal absorption in anemia, 140
  potential toxicity of overload, 136
  responses of anemic subjects to treatment with, 982
  serum
    riboflavin, 569
    wheat fiber, 1408
  supplemental, effect of milk and casein on absorption, 487
  total, soluble, and ionizable in food, 1350

Iron deficiency
dietary factors in Finland, 1141
folate, 1217
nutritional survey, 1454

Jamaica, disappearance of liver fat in malnutrition, 1330
Jejunoileal bypass, endogenous ethanol production and hepatic disease after, 1277
Joule, 675

Ketoacidosis, diabetic, evolution in obesity, 264
Kidney, hypertriglyceridemia in chronic insufficiency of, 1036
Kwashiorkor, serotonin metabolism, 1284

Lactase, intestinal calcium and magnesium absorption, 681
Lactase activity, lactase tolerance and milk tolerance, 595
Lactose
dietary
effect on absorption of protein fat, and calcium, 238
intestinal calcium and magnesium absorption, 681
feeding in lactose intolerance, 671
hydrolyzed milk, 818
malabsorption, 308
tolerance test, 888
Lactose intolerance
among Mexican Americans, 704
milk consumption and blood glucose rise, 677
Lactose tolerance, lactase activity and milk consumption, 595
Lactose tolerance tests as predictor of milk tolerance, 86
Lecithin-cholesterol acyltransferase, depression of esterification in vitamin E deficiency, 994
Letters to the editor, 1, 85, 195, 304, 435, 563, 671, 798, 1083, 1195, 1341
Leucine precursors, addition to diet of leucine-starved mice, 947
Lineolate
dietary, erythrocyte, and adipose tissue, 577
dietary, platelet function, 601
Lipidosis, iatrogenic, after hyperalimentation, 1156
Lipids
blood, wheat fiber, 1408
effects of oral contraceptives on serum levels, 371
insulin, glucose, and anthropometric data, 1387
metabolism in Eskimos, 588
oral contraceptives, 403
plasma
fatty acid composition in Eskimos, 958
polyunsaturated diets, 1126
serum
incorporation of dietary trans fatty acid into, 1020
in men, 85
Lipoproteins, serum, dietary trans fatty acid, 1020
Liver
albumin synthesis in regeneration, 1412
disappearance of fat in, in malnutrition, 1330
disease after jejuno ileal bypass, 1277
disease of, and food use in alcoholics, 1377
effect of vitamin E deficiency on catalase, 1087
fetal, folic acid and vitamin $B_{12}$, 1085
Lysine supplementation
energy intake, 1083
of wheat products, 672

Magnesium
effects of dietary lactose on intestinal absorption, 681
parenteral load test, 1099
Malabsorption-malnutrition syndrome, 1255
Malnutrition
dietary protein-calorie ratios, 281
disappearance of liver fat, 1330
effect of feeding irradiated wheat to children with, 130
effect of microorganisms on intestinal sugar absorption, 841
immunologic responses, 89
maternal, bone density of newborns, 482
protein
enteropathy, 894, 901, 914
thyroid function, 66
protein-calorie
amino acid uptake by red blood cells, 233
arm circumference, 661
chloramphenicol metabolism, 977
emergency treatment of large numbers of children with, 79
plasma retinol transport system, 732
protein-calorie alleviation of, 1
quipu in measuring, 203
McCollum Award, 301, 561
Meat, polyunsaturated, plasma lipids, 1126
Megavitamin E supplementation, 1381
Menopause, tryptophan-niacin pathway, 4
Menstrual cycle, physiology of, 333
Mestranol, effects on serum folic acid and vitamin $B_{12}$ levels and tryptophan metabolism, 354
Methods in Nutrition, 775, 1055, 1299
Methylhistidines, failure to inhibit aggregation, 930
Mexican Americans, lactose intolerance, 704
Microorganisms, intestinal sugar absorption, 841
Milk
consumption of, and blood glucose rise in lactose intolerance, 677
consumption of, lactase activity, and lactose tolerance, 595

Milk—*Continued*
lactose hydrolyzed, 818
lactose tolerance tests as predictor of tolerance to, 86
supplemental iron absorption, 487
Minerals
effect of oral contraceptives, 377
trace, effect of oral contraceptives on metabolism, 392
urinary excretion by Eskimos, 1402
Monoamines, control of brain synthesis by diet and plasma amino acids, 638
Mortality, nutritional status, 287
Mothercraft Centers, 435
misconceptions about, 1345
Multifactorial data, 788

Nephrosis, aminonucleoside-induced, zinc metabolism, 699
Nerve growth factor, lipoatrophic diabetes, 1344
Neuromyelopathy, $B_{12}$ deficiency, B vitamins in, 1255
Newborn
maternal malnutrition and bone density, 482
serum cholesterol and bowel flora, 1351
vitamin profile at parturition, 59
New Delhi, epidemic dropsy, 883
New Guinea, food intake, body weight, age, and nutrition, 1443
Niacin metabolism in pill users taking vitamin $B_6$, 146
Nigeria, breast-feeding, 88
Nitrogen
dietary, fecal output, 502
infection effect on metabolism, 1044
losses in heat, 494
retention, on isonitrogenous diet containing albumen and amino acids, 316
urinary excretion by Eskimos, 1402
Nitrogen balance, 1116
energy intake, 1116
sweat nitrogen losses, 879
Nomenclature, plant fibers, 675
Nutrients
effects of oral contraceptives on metabolism, 515
interactions with hormones and enzymes, 626
Nutrition
as a medical subspecialty, 674
clinical, 943
insertion tape for assessment of, 782
parenteral, essential fatty acid deficiency during, 258
plant fibers, 675, 1347
program for elderly, 1349
role of land-grant institutions, 306
status of, and timing of deciduous tooth eruption, 216

Side effects of drugs, 555
Sri Lanka, school feeding, 775
Starvation, cellular immunity, 1148
Steroids, fecal excretion, wheat fiber, 1408
Sucrose
high intake of, and heart attacks, 1343
hypertension and heart disease, 195
maternal intake of and metabolism of progeny, 1416
oral, alcohol removal from blood, 254
Sugar
dietary, glycolytic enzyme adaptation, 453
effect of microorganisms on absorption, 841
Sweat, nitrogen losses, 879

Taste thresholds for salt in fasting, 814
Teeth, deciduous, timing of eruption of, and nutritional status, 216
Thailand
amino acid fortification of rice, 170
thiamin status, 1458
Thiamin
plasma level and transfer capacity of, during hemodialysis, 1105
status in Thais, 1458
use of food by alcoholics, 1377
Thrombosis, oral contraceptives, 542
Thyroid gland in protein malnutrition, 66
Tocopherol
distribution in plasma and red blood cells, 756
effect of feeding polyunsaturated fatty acids on blood levels of, 706
polyunsaturated fatty acids, 717
$\alpha$-Tocopherol acetate effects on swimming endurance, 205
Training
effects of $\alpha$-tocopherol acetate on swimming endurance, 205
protein metabolism, 29
Treatment, emergency, of large numbers of children with protein-calorie malnutrition, 79
Triglyceridemia, alimentary, endogenous fatty acids, 36
Triglycerides
effect of hydrogenated fat on plasma levels, 726
plasma cholesterol, 584
plasma clearing in obese children, 858
progestogen and oral contraceptive effects, 686
relations to insulin and glucose in obesity, 616
Tryptophan
albumin synthesis, 1356
effects of ethynodiol diacetate and mestranol on metabolism, 354
metabolism in pill users taking vitamin $B_6$, 146
oral contraceptives and excretion of, 403
plasma, effect of oral contraceptives and pyridoxine on, 846
Tryptophan-niacin pathway in premenarchial and menopausal ages, 4
Tunisia, amino acids in diet, 1183

United States, physical growth of ethnic groups, 1071
Uremia
diet and aryl acid metabolism, 1110

Uremia—*Continued*
failure of methylhistidines to inhibit aggregation, 930
vitamin $B_6$ deficiency, 950
Uterus, estrogen stimulation of conjugase activity, 530

Vitamins
effects of oral contraceptive steroids on serum levels, 371
fat-soluble, 339
harmful effects of megadoses, 51
nutrition status and oral contraceptives, 606
oral contraceptives, 385, 403
profile of mothers and newborns at parturition, 59
urinary excretion by Eskimos, 1402
Vitamin A
nutritional status in India, 1436
prophylaxis program, 1189
response to varying dietary treatments in protein-calorie malnutrition, 732
transport in fetal blood, 967
Vitamins A and E, progestogen and oral contraceptive effects, 686
Vitamin $B_6$
effect of oral contraceptives and pyridoxine on metabolism of, 846
in pregnant women and pill users, 739
in rheumatoid arthritis, 1200
oral contraceptive users, 10
requirements of pill users, 535
tryptophan and niacin metabolism in pill users, 146
use of food by alcoholics, 1377
Vitamin $B_6$ deficiency
carbohydrate metabolism, 872
in uremia, 950
Vitamin $B_{12}$
effects of ethynodiol diacetate and mestranol on serum levels, 354
in fetal liver, 1085
Vitamin $B_{12}$ deficiency neuromyelopathy, 1255
Vitamin C
bioavailability, 1014
fluoride excretion in fluorosis, 1234
Vitamin D, hazards of overuse, 512
Vitamin E,
blood tocopherol levels, 706
dietary and plasma levels, 571
oral contraceptives, 436
recommended dietary allowance, 577
status of Eskimos, 808
supplementation, 1381
Vitamin E deficiency
depression of lecithin-cholesterol acyltransferase esterification, 994
hemeproteins, 1087
Vitamin K, early history, 656
Vitamin P, benzopyrones as, 1242

Weight, relative, in different populations, 304
Wheat
irradiated, effect of feeding to malnourished children, 130
lysine supplements, 672

Zinc
coronary heart disease, 764
deficiency in females, 831
diet supplementation, 721
metabolism in aminonucleoside-induced nephrosis, 699

VOLUME 28

January–December 1975

Copyright © 1975 by The American Society for Clinical Nutrition, Inc.

# CONTENTS

# VOLUME 28

**letters to the editor**

1 Protein–calorie alleviation of malnutrition. *D. Rosenfield*
2 Experimentation with human subjects. *R. Reiser*
2 Protein–calorie deficiency in nonhuman primates. *J. C. Waterlow*
3 Reply to Dr. Waterlow. *C. O. Enwonwu*

**brief communications**

4 Functional capacity of the tryptophan-niacin pathway in the premenarchial phase and in the menopausal age. *S. M. El-Zoghby, G. A. Abdel-Tawab, L. H. Girgis, G. E. Moursi, R. Zeitoun and H. S. El-Kabariti*

**original communications**

10 Urinary 4-pyridoxic acid, plasma pyridoxal phosphate, and erythrocyte aminotransferase levels in oral contraceptive users receiving controlled intakes of vitamin $B_6$. *R. R. Brown, D. P. Rose, J. E. Leklem, H. Linkswiler and R. Anand*
20 Protein deficiency in primates. IV. Pregnant rhesus monkeys. *A. J. Riopelle, C. W. Hill, S-C Li, R. H. Wolf, H. R. Seibold and J. L. Smith*
29 Protein metabolism during intensive physical training in the young adult. *C. F. Consolazio, H. L. Johnson, R. A. Nelson, J. G. Dramise and J. H. Skala*
36 Endogenous fatty acids in alimentary triglyceridemia in normolipemic young males. *N. Suchy and J. F. Sullivan*
42 Concurrent and subsequent serum cholesterols of breast- and formula-fed infants. *G. Friedman and S. J. Goldberg*
46 Clinical experience with an elemental diet. *J. M. Miller and J. C. Taboada*
51 Harmful effect of megadoses of vitamins: electroencephalogram abnormalities and seizures induced by intravenous folate in drug-treated elileptics. *L. T. Ch'ien, C. L. Krumdieck, C. W. Scott, Jr. and C. E. Butterworth, Jr.*
59 Vitamin profile of 174 mothers and newborns at parturition. *H. Baker, O. Frank, A. D. Thomson, A. Langer, E. D. Munves, B. DeAngelis and H. A. Kaminetzky*
66 Functional variations in the ultrastructure of the thyroid gland in malnourished infant monkeys. *B. S. Worthington and C. O. Enwonwu*

**international nutrition**

79 Emergency treatment of large numbers of children with severe protein–calorie malnutrition. *A. E. Ifekwunigwe*

## Number 2, February 1975

**letters to the editor**

85 Serum lipids in adult males. *L. Werkö*
85 Reply to Dr. Werkö. *R. L. Shorey*

86 Lactose tolerance tests as a predictor of milk tolerance. *L. S. Stephenson and M. C. Latham*
88 Breast feeding in Mid-Western State of Nigeria. *O. Ogbeide*

**original communications**

89 Immunologic responses in malnourished children. *C. G. Neumann, G. J. Lawlor, Jr., E. R. Stiehm, M. E. Swendseid, C. Newton, J. Herbert, A. J. Ammann and M. Jacob*
105 Validity of body composition prediction equations for college men and women. *F. I. Katch and W. D. McArdle*
110 Urinary amino acid excretion during experimentally induced sandfly fever in man. *R. W. Wannemacher, Jr., R. E. Dinterman, R. S. Pekarek, P. J. Bartelloni and W. R. Beisel*
119 Bile acid inhibition of intestinal anaerobic organisms. *H. J. Binder, B. Filburn and M. Floch*
126 Folate metabolism in scurvy. *P. L. Stokes, V. Melikian, R. L. Leeming, H. Portman-Graham, J. A. Blair and W. T. Cooke*
130 Effects of feeding irradiated wheat to malnourished children. *C. Braskaram and G. Sadasivan*
136 Potential toxicity of iron overload in successive generations of rats. *R. O. Fisch, A. S. Deinard, L. J. Disch and W. Krivit*
140 Effect of dietary iron manipulation and phenobarbitone treatment on in vivo intestinal absorption of iron in mice with sex-linked anemia. *J. A. Edwards and J. E. Hoke*
146 Metabolism of tryptophan and niacin in oral contraceptive users receiving controlled intakes of vitamin $B_6$. *J. E. Leklem, R. R. Brown, D. P. Rose, H. Linkswiler and R. A. Arend*
157 Growth of adipose and lean tissue mass in hindlimbs of genetically obese mice during preobese and obese phases of development. *W. G. Bergen, M. L. Kaplan, R. A. Merkel and G. A. Leveille*
162 Relationship of anthropometric measurements of body fat as determined by densitometry, potassium-40, and body water. *G. M. Ward, H. J. Krzywicki, D. P. Rahman, R. L. Quaas, R. A. Nelson and C. F. Consolazio*

**special article**

170 Amino acid fortification of rice studies in Thailand. I. Background and baseline data. *S. N. Gershoff, R. B. McGandy, D. Suttapreyasri, A. Nondasuta, U. Pisolyabutra and P. Tantiwongse*

**comments in biochemistry**

183 Phenylketonuria: metabolic alterations induced by phenylalanine and phenylpyruvate. *M. S. Patel and I. J. Arinze*

**perspectives in nutrition**

189 Oral glucose-electrolyte therapy for diarrhea: a means to maintain or improve nutrition? *N. Hirschhorn and K. M. Denny*
193 1975 Joseph Goldberger Fellowships

194 **announcement**

## Number 3, March 1975

**letters to the editor**

195 Sucrose, hypertension, and heart disease. *A. R. P. Walker*
197 Reply to Dr. Walker. *R. A. Ahrens*

200 Carbohydrate-induced hyperlipemia. *A. Blumenfeld*
201 Reply to Arthur Blumenfeld. *R. A. Ahrens*
202 Blindness in the nine states of Northeast Brazil. *W. K. Simmons and A. V. de Mello*

**brief communications**

203 The quipu in measuring malnutrition. *D. B. Jelliffe and E. F. P. Jelliffe*

**original communications**

205 Effects of α-tocopherol acetate on the swimming endurance of trained swimmers. *J. D. Lawrence, R. C. Bower, W. P. Riehl and J. L. Smith*
209 Association of growth status and the incidence of nutrition deficiency signs. *K. Visweswara Rao and N. Pralhad Rao*
216 Nutritional status and the timing of deciduous tooth eruption. *H. Delgado, J-P. Habicht, C. Yarbrough, A. Lechtig, R. Martorell, R. M. Malina and R. E. Klein*
225 Depressed cell-mediated immunity in megaloblastic anemia due to folic acid deficiency. *R. L. Gross, J. V. O. Reid, P. M. Newberne, B. Burgess, R. Marston and W. Hift*
233 In vitro uptake of labeled amino acids by red blood cells of children with protein–calorie malnutrition. *M. M. Mikhail, C. I. Waslien, M. K. Gabr and M. M. Mansour*
238 Effect of dietary lactose on the absorption of protein, fat and calcium in the postweaning rat. *J. Leichter and A. F. Tolensky*
242 Utilization of different quantities of fat at high altitude. *R. M. Rai, M. S. Malhotra, G. P. Dimri and T. Sampathkumar*
246 Physical growth of cebus monkeys, *Cebus albifrons*, during protein or calorie deficiency. *J. G. Fleagle, K. W. Samonds and D. M. Hegsted*
254 Increased rate of alcohol removal from blood with oral fructose and sucrose. *J. Soterakis and F. L. Iber*
258 Essential fatty acid deficiency in four adult patients during total parenteral nutrition. *T. J. Richardson and E. Sgoutas*
264 Evolution of diabetic ketoacidosis in gross obesity *E. J. Drenick and D. Johnson*

**comments in biochemistry**

273 Metabolic abnormalities contributing to diabetic complications. I. Glucose metabolism in insulin-insensitive pathways. *J. W. Anderson*

**perspectives in nutrition**

281 Safe protein–calorie ratios in diets. The relative importance of protein and energy intake as causal factors in malnutrition. *P. R. Payne*

**international nutrition**

287 Nutritional status and mortality: a prospective validation of the QUAC stick. *A. Sommer and M. S. Loewenstein*

**report of meetings**

293 Fiber deficiency and colonic disorders. *R. W. Reilly and J. B. Kirsner*

295 Announcements
297 Program. Fifteenth Annual Meeting ASCN

## Number 4, April 1975

301 **McCollum Award**

**letters to the editor**

304 Relative weights in different populations. *T. Gordon, A. Kagan and G. Rhoads*
305 In vitro binding of bile acids and bile salts. *D. Kritchevsky and J. A. Story*
306 Role of Land-Grant Institutions in applied human nutrition. *G. F. Combs*
308 Lactose malabsorption. *C. B. Suter*
308 Reply to Mrs. Suter's letter. *M. Stoopler, W. Frayer and M. Alderman*

**original communications**

310 Variability of creatinine excretion of normal, phenylketonuric and galactosemic children, and children treated with anticonvulsant drugs. *J. S. Lewis, M. L. Bunker, S. S. Getts and R. Essien*
316 Nitrogen retention and plasma amino acids of men who consumed isonitrogenous diets containing egg albumen or mixtures of amino acids. *H. E. Clark, J. T. Stuff, W-H. Moon and L. B. Bailey*
325 Plasma amino acid pattern in pellagra. *Ghafoorunissa and B. S. Narasinga Rao*

**symposium**

**Effects of Oral Contraceptive Hormones on Nutrient Metabolism**
Cochairmen—*C. E. Butterworth, Jr. and H. Sauberlich*

**part I**

333 Physiology of the menstrual cycle. *J. A. Owen, Jr.*
339 Function of the fat-soluble vitamins. *H. F. DeLuca*
346 Oral contraceptive hormones, folate metabolism, and the cervical epithelium. *J. Lindenbaum, N. Whitehead and F. Reyner*
354 Effect of ethynodiol diacetate and mestranol on serum folic acid and vitamin $B_{12}$ levels and on tryptophan metabolism in baboons. *L. Boots, P. E. Cornwell and L. R. Beck*
363 Dietary intakes and plasma concentrations of folate in healthy adolescents. *W. A. Daniel, Jr., E. G. Gaines and D. L. Bennett*
371 Effects of oral contraceptive steroids on vitamin and lipid levels in serum. *J. L. Smith, G. A. Goldsmith and J. D. Lawrence*
377 Effect of oral contraceptive agents on nutrients: I. Minerals. *A. S. Prasad, D. Oberleas, K. Y. Lei, K. S. Moghissi and J. C. Stryker*
385 Effect of oral contraceptive agents on nutrients: II. Vitamins. *A. S. Prasad, K. Y. Lei, D. Oberleas, K. S. Moghissi and J. C. Stryker*
392 Effect of oral contraceptive agents on the metabolism of some trace minerals. *S. Margen and J. C. King*
403 Relationship between levels of blood lipids, vitamins C, A, and E, serum copper compounds, and urinary excretions of tryptophan metabolites in women taking oral contraceptive therapy. *M. K. Horwitt, C. C. Harvey and C. H. Dahm, Jr.*

413 Program, Fifteenth Annual Meeting, ASCN
417 Abstracts

## Number 5, May 1975

### letters to the editor

435 Mothercraft Preventive Centers. *K. W. King*
436 Vitamin E status and oral contraceptives. *M. Briggs and M. Briggs*
437 Heat stability of serum pyridoxal. *B. B. Anderson and D. L. Mollin*

### original communications

438 Nutritional stability of various naturally occurring monoglutamate derivatives of folic acid. *J. D. O'Broin, I. J. Temperley, J. P. Brown and J. M. Scott*
445 Effect of an energy-reduced dietary regimen in relation to adipose tissue cellularity in obese women. *P. Björntorp, G. Carlgren, B. Isaksson, M. Krotkiewski, B. Larsson and L. Sjöström*
453 Regional variation in glycolytic enzyme adaptation to dietary sugars in rat small intestine. *J. Espinoza, A. Hritz, R. Kaplan, S. B. Clark and N. S. Rosensweig*
459 Prevention of folate deficiency by food fortification. II. Absorption of folic acid from fortified staple foods. *N. Colman, R. Green and J. Metz*
465 Prevention of folate acid deficiency by food fortification. III. Effect in pregnant subjects of varying amounts of added folic acid. *N. Colman, J. V. Larsen, M. Barker, E. A. Barker, R. Green and J. Metz*
471 Prevention of folate deficiency by food fortification. IV. Identification of target groups in addition to pregnant women in an adult rural population. *N. Colman, E. A. Barker, M. Barker, R. Green and J. Metz*
477 Evaluation of amino acid infusions as protein-sparing agents in normal adult subjects. *J. B. Freeman, L. D. Stegink, L. K. Fry, B. M. Sherman and L. Denbesten*
482 Effect of maternal malnutrition on the bone density of the neonates. *K. A. V. R. Krishnamachari and L. Iyengar*
487 Effect of milk and casein on the absorption of supplemental iron in the mouse and chick. *D. Carmichael, J. Christopher, J. Hegenauer and P. Saltman*
494 Protein requirements of men in a hot climate: decreased urinary losses concomitant with increased sweat nitrogen losses during exposure to high environmental temperature. *P-C. Huang, C-C. Lo and W-T. Ho*
502 Effect of fecal output of various dietary nitrogen sources in pig-tailed monkeys (*Macaca nemestrina*) fed fiber-free, semisynthetic diets. *G. A. Spiller, S. Saperstein, M. A. Beigler and R. J. Amen*
507 Metabolic effects of glucose in brief and prolonged fasted man. *T. T. Aoki, W. A. Müller, M. F. Brennan and G. F. Cahill, Jr.*

### nutrition news

512 Hazards of overuse of vitamin D

514 **announcements**

### symposium

**Effects of Oral Contraceptive Hormones on Nutrient Metabolism**
Cochairmen—*C. E. Butterworth, Jr. and H. Sauberlich*

**part II**

519 Introductory remarks. *C. E. Butterworth, Jr. and H. E. Sauberlich*
521 Effect of drugs on chromosome structure. *W. H. Finley*
530 Estrogen stimulation of conjugase activity in the uterus of ovariectomized rats. *C. L. Krumdieck, L. R. Boots, P. E. Cornwell and C. E. Butterworth, Jr.*

535 Vitamin $B_6$ requirements of women using oral contraceptives. *J. E. Leklem, R. R. Brown, D. P. Rose and H. M. Linkswiler*
542 Homocystine, atherosclerosis and thrombosis: implications for oral contraceptive users. *K. S. McCully*
550 Oral contraceptives and ascorbic acid. *J. M. Rivers*
555 Medical, legal and ethical considerations in the ûse of drugs having undesirable side effects. *V. Herbert*

## Number 6, June 1975

561 **McCollum Award**

**letters to the editor**

563 The magnitude and the implications of apparent race differences in hemoglobin values. *S. M. Garn, N. J. Smith and D. C. Clark*
566 Response to letter by Dr. Garn and co-workers. *M. J. Kraemer, R. M. McFarland, T. L. Dillon and N. J. Smith*
566 Bone mineral content of North Alaskan Eskimos. *G. Mann*
567 Reply to Dr. Mann. *R. B. Mazess*
568 Model for protein deficiency. *P. V. Sukhatme*

**brief communications**

569 Effect of riboflavin on plasma growth hormone and serum iron in man. *H. Schendel and A. Gordon*

**original communications**

571 Dietary levels of vitamin E and polyunsaturated fatty acids and plasma vitamin E. *L. A. Witting and L. Lee*
577 Recommended dietary allowance for vitamin E: relation to dietary, erythrocyte and adipose tissue linoleate. *L. A. Witting and L. Lee*
584 Quantification of plasma cholesterol and triglyceride levels in hypercholesterolemic subjects receiving ascorbic acid supplements. *V. E. Peterson, P. A. Crapo, J. Weininger, H. Ginsberg and J. Olefsky*
588 Carbohydrate and lipid metabolism in the Alaskan Arctic Eskimo. *S. A. Feldman, A. H. Rubenstein, K-J. Ho, C. B. Taylor, L. A. Lewis and B. Mikkelson*
595 Correlation of lactase activity, lactose tolerance and milk consumption in different age groups. *E. Lebenthal, I. Antonowicz and H. Schwachman*
601 Titrating dietary linoleate to in vivo platelet function in man. *A. I. Fleischman, M. L. Bierenbaum, D. Justice, A. Stier, A. Sullivan and M. Fleischman*
606 Effect of oral contraceptive agents on vitamin nutrition status. *F. Ahmed, M. S. Bamji and L. Iyengar*
616 Insulin, glucose and triglyceride relationships in obese African subjects. *B. I. Joffe, R. B. Goldberg, H. C. Seftel and L. A. Distiller*
621 Increased disaccharidase activity in human diabetics. *R. K. Tandon, L. M. Srivastava and S. C. Pandey*

**symposium**

626 Introductory remarks: nutrient, hormone, enzyme interactions. *R. E. Olson*
638 Control of brain monoamine synthesis by diet and plasma amino acids. *R. J. Wurtman and J. D. Fernstrom*
648 Diet and intestinal enzyme adaptation: implications for gastrointestinal disorders. *N. S. Rosensweig*

**special articles**

656 The early history of vitamin K. *H. J. Almquist*
660 Declaration of an emergency for children in developing countries as a result of the current economic crisis

**international nutrition**

661 Arm circumference in the surveillance of protein-calorie malnutrition in Baghdad. *A. Shakir*

666 **announcements**

667 **book reviews**

## Number 7, July 1975

**editorial**

669 You and I and the food-population crisis. *C. S. Davidson*

**letters to the editor**

671 Lactose feeding in lactose-intolerant monkeys. *T. E. Hamm*
671 Lactose feeding in lactose-intolerant monkeys. *G. G. Harrison*
672 Lysine supplementation of wheat products. *M. el Lozy, G. R. Kerr and F. J. Stare*
674 Nutrition as a medical subspecialty. *J. E. Dutra de Oliveira*
675 On the joule. *G. B. Forbes*
675 Plant fibers in nutrition: need for better nomenclature. *G. A. Spiller and R. J. Amen*

**brief communications**

677 Relationship of milk consumption to blood glucose rise in lactose intolerant individuals. *D. M. Paige, T. M. Bayless and W. S. Dellinger*
681 Effects of dietary lactose and a lactase preparation on the intestinal absorption of calcium and magnesium in normal infants. *A. Kobayashi, S. Kawai, Y. Ohbe and Y. Nagashima*
684 Garlic in alloxan-induced diabetic rabbits. *R. C. Jain and C. R. Vyas*

**original communications**

686 Effects of a progestogen and a sequential type oral contraceptive on plasma vitamin A, vitamin E, cholesterol and triglycerides. *D. L. Yeung and P. L. Chan*
692 Mucosal uptake in vitro of cholesterol from bile salt and surfactant solutions. *E. B. Feldman and C. Y. Cheng*
699 Zinc metabolism in aminonucleoside-induced nephrosis. *R. M. Freeman, C. J. Richards and L. K. Rames*
704 Lactose intolerance among Mexican Americans. *M. F. Sowers and E. Winterfeldt*
706 Effect of feeding polyunsaturated fatty acids with a low vitamin E diet on blood levels of tocopherol in men performing hard physical labor. *R. H. Bunnell, E. De Ritter and S. H. Rubin*
712 Findings relating to goiter and iodine in the Ten-State Nutrition Survey. *F. L. Trowbridge, K. A. Hand and M. Z. Nichaman*
717 Tocopherols and polyunsaturated fatty acids in human tissues. *J. G. Bieri and R. Poükka Evarts*
721 Combined zinc and iron compared with iron supplementation of diets of 6- to 12-year-old

village schoolchildren in southern Iran. *M. Mahloudji, J. G. Reinhold, M. Haghshenass, H. A. Ronaghy, M. R. Spivey Fox and J. A. Halsted*
726 Effect of hydrogenated fat on the plasma cholesterol and triglyceride levels of man. *F. H. Mattson, E. J. Hollenbach and A. M. Kligman*
732 Plasma vitamin A, retinol-binding protein and prealbumin concentrations in protein-calorie malnutrition. III. Response to varying dietary treatment. *F. R. Smith, R. Suskind, O. Thanangkul, C. Leitzmann, DeW. S. Goodman and R. E. Olson*
739 Assessment of vitamin $B_6$ status. Studies on pregnant women and oral contraceptive users. *B. Shane and S. F. Contractor*
748 Effects of carbohydrate restriction on glucose tolerance of normal men and reactive hypoglycemic patients. *J. W. Anderson and R. H. Herman*
756 Distribution of tocopherols in human plasma and red blood cells. *C. K. Chow*
761 Prevention of folate deficiency by food fortification. VII. The use of bread as a vehicle for folate supplementation. *G. Margo, M. Barker, F. Fernandes-Costa, N. Colman, R. Green and J. Metz*

**perspectives in nutrition**

764 Coronary heart disease: the zinc/copper hypothesis. *L. M. Klevay*

**methods in nutrition**

775 Use of height-arm circumference measurement for nutritional selectivity in Sri Lanka school feeding. *M. A. Anderson*
782 The insertion tape: a new circumference tape for use in nutritional assessment. *A. J. Zerfas*
788 A simple method for analyzing multifactorial data. *A. E. Dugdale*

793 **announcements**

795 **book reviews**

## Number 8, August 1975

**editorial**

797 Note on ethics. *J. C. Waterlow*

**letters to the editor**

798 Coronary heart disease and dietary fiber. *H. Trowell*
800 Behavior of body weight under low carbohydrate, high fat diet. *H. Kasper, J. Schönborn and U. Rabast*
801 Protein deficiency in primates. *H. N. Jacobson*
802 Reply to Dr. Jacobson. *A. J. Riopelle*
804 Diarrhea. *G. V. Mann*
805 Reply to Dr. Mann. *N. Hirschhorn and K. M. Denny*
805 Amino acid fortification. *M. T. El Ghamry*

**brief communication**

806 Nature of satiety signals. *J. R. Brobeck*

**original communications**

808 Vitamin E status of Alaskan Eskimos. *C. K. Wei Wo and H. H. Draper*
814 Taste thresholds for salt in fasting patients. *B. J. Stinebaugh, M. I. Vasquez and F. X. Schloeder*
818 Lactose hydrolyzed milk. *D. M. Paige, T. M. Bayless, S-S. Huang and R. Wexler*
823 Inhibition spectra of the human pancreatic endopeptidases. *P. A. Mallory and J. Travis*
831 Zinc deficiency occurring in females. Report of two cases. *H. A. Ronaghy and J. A. Halsted*
837 Reducing diets in rats. *D. M. Hegsted, A. Gallagher and H. Hanford*
841 Effect of microorganisms isolated from the upper gut of malnourished children on intestinal sugar absorption in vivo. *M. Gracey, V. Burke, J. A. Thomas and D. E. Stone*
846 Effect of oral contraceptives and pyridoxine on the metabolism of vitamin $B_6$ and on plasma tryptophan and α-amino nitrogen. *L. T. Miller, A. Johnson, E. M. Benson and M. J. Woodring*
854 Variation in plasma folate levels among groups of healthy persons. *C. A. Hall, S. A. Bardwell, E. S. Allen and M. E. Rappazzo*
858 Plasma triglyceride clearing in obese children. *P. P. Forget, J. Fernandes and P. Haverkamp Begemann*
866 Changes in the epidermis during prolonged fasting. *L. C. Alvarez, D. J. Peters, H. Murad, E. T. Wright, G. McGhee and E. J. Drenick*
872 Effect of oral contraceptives and vitamin $B_6$ deficiency on carbohydrate metabolism. *D. P. Rose, J. E. Leklem, R. R. Brown and H. M. Linkswiler*
879 Sweat nitrogen losses by and nitrogen balance of preadolescent girls consuming three levels of dietary protein. *P. M. Howat, M. K. Korslund, R. P. Abernathy and S. J. Ritchey*
883 Epidemic dropsy in New Delhi. *R. K. Tandon, D. S. Singh, R. R. Arora, P. Lal and B. N. Tandon*
888 Rapid and portable methods of lactose tolerance test administration. *L. S. Stephenson and M. C. Latham*
894 Enteropathy in adult protein malnutrition: a review of the Cali experience. *L. G. Mayoral, O. Bolaños, H. Lotero and E. Duque*
901 Enteropathy in adult protein malnutrition: light microscopic findings. *E. Duque, O. Bolaños, H. Lotero and L. G. Mayoral*
914 Enteropathy in adult protein malnutrition: ultrastructural findings. *E. Duque, H. Lotero, O. Bolaños and L. G. Mayoral*
925 Experimental production of elevated serum folate in dogs with intestinal blind loops. II. Nature of bacterially produced folate coenzymes in blind loop fluid. *L. H. Bernstein, S. Gutstein, G. Efron and G. Wager*
930 Failure of methylhistidines to inhibit platelet aggregation at concentrations found in uremic plasma. *J. W. Davis, R. J. Nininger and P. E. Phillips*

**special article**

934 Food and population. *G. A. Goldsmith*

941 **announcements**

**Number 9, September 1975**

**presidential address**

943 The Dimensions of Clinical Nutrition. *C. E. Butterworth, Jr.*

**letters to the editor**

946 The open mind. *N. A. Matheson*
946 Reply to Dr. Matheson. *E. W. Speckmann*

**brief communication**

947 Addition of leucine precursors to the diet of leucine-starved mice. *M. E. Trigg, M. R. Geiër, R. J. LaPolla, H. N. Kamerow and C. R. Merril*

**original communications**

950 Vitamin $B_6$ deficiency in uremia. *W. J. Stone, L. G. Warnock and C. Wagner*
958 Fatty acid composition of the plasma lipids in Greenland Eskimos. *J. Dyerberg, H. O. Bang and N. Hjørne*
967 Vitamin A transport in human fetal blood. *S. D. Ismadi and J. A. Olson*
973 L-Ascorbic acid and D-isoascorbic acid in a common cold survey. *K. M. Clegg and J. M. Macdonald*
977 Chloramphenicol metabolism in children with protein–calorie malnutrition. *S. Mehta, H. K. Kalsi, S. Jayaraman and V. S. Mathur*
982 Cardiorespiratory, hematological and physical performance responses of anemic subjects to iron treatment. *G. W. Gardner, V. R. Edgerton, R. J. Bernard and E. M. Bernauer*
989 Protein deprivation in primates. V. Fetal mortality and neonatal status of infant monkeys born of deprived mothers. *A. J. Riopelle, C. W. Hill and S-C. Li*
994 Depression of lecithin-cholesterol acyltransferase esterification in vitamin E-deficient monkeys. *H. S. Mickel, P. L. Hill and K. C. Hayes*
1000 Comparison of the nutritional status of pregnant adolescents with adult pregnant women. I. Biochemical findings. *E. H. Morse, R. P. Clarke, D. E. Keyser, S. B. Merrow and D. E. Bee*
1014 Comparative bioavailability of folate and vitamin C from a synthetic and a natural source. *E. W. Nelson, R. R. Streiff and J. J. Cerda*
1020 Incorporation of the dietary trans fatty acid (C18:1) into the serum lipids, the serum lipoproteins and adipose tissue. *C. G. Schrock and W. E. Connor*
1028 Studies in calcium metabolism. II. Effects of low calcium and variable protein intake on human calcium metabolism. *J-Y. Chu, S. Margen and F. M. Costa*
1036 Hypertriglyceridemia in patients with chronic renal insufficiency. *E. J. McCosh, K. Solangi, J. M. Rivers and A. Goodman*
1044 Effect of mild infectious illness on nitrogen metabolism in patients on a modified fast. *B. R. Bistrian, G. L. Blackburn and N. S. Scrimshaw*

**perspectives in nutrition**

1052 Calculation of the amino acid requirements of children at different ages by the factorial method. *M. el Lozy and D. M. Hegsted*

**methods in nutrition**

1055 A dietary method for an epidemiologic study of gastrointestinal cancer. *J. L. Hankin, G. G. Rhoads and G. A. Glober*

**international nutrition**

1061 Head and chest circumferences in rural Guatemalan Ladino children, birth to seven years of age. *R. M. Malina, J-P. Habicht, R. Martorell, A. Lechtig, C. Yarbrough and R. E. Klein*

**reports of meetings**

1071 Physical growth of ethnic groups comprising the United States population. *A. F. Roche and J. I. McKigney*

1075 **announcements**

1077 **book reviews**

1082 **erratum**

## Number 10, October 1975

**letters to the editor**

1083 Food faddism. *N. A. Matheson*
1083 Lysine supplementation and energy intake. *P. R. Payne and D. S. Miller*

**brief communications**

1085 Folic acid and vitamin $B_{12}$ determination in fetal liver. *A. Vaz Pinto, V. Torras, J. F. Figueroa Sandoval, E. Dillmann, C. Ramirez Mateos and M. S. Cordova*

**original communications**

1087 Effects of different vitamin E-deficient basal diets on hepatic catalase and microsomal cytochromes P-450 and $b_5$ in rats. *J. W. Hauswirth and P. P. Nair*
1095 Radiological changes in pica. *K. Vessal, H. A. Ronaghy and M. Zarabi*
1099 Parenteral magnesium load tests in postpartum American women. *J. L. Caddell, F. L. Saier and C. A. Thomason*
1105 Plasma level and transfer capacity of thiamin in patients undergoing long-term hemodialysis. *T. Niwa, T. Ito, E. Matsui, I. Ishiguro and S. Kuwata*
1110 Effect of diet on serum accumulation and renal excretion of aryl acids and secretory activity in normal and uremic man. *W. Cathcart-Rake, R. Porter, F. Whittier, P. Stein, M. Carey and J. Grantham*
1116 Influence of varying energy intake on nitrogen balance in men on two levels of protein intake. *C. Nageswara Rao, A. Nadamuni Naidu and B. S. Narasinga Rao*
1122 Comparison of the adaptive changes in disaccharidase, glycolytic enzyme and fructosediphosphatase activities after intravenous and oral glucose in normal men. *H. L. Greene, F. B. Stifel, L. Hagler and R. H. Herman*
1126 Plasma lipid changes in young adult couples consuming polyunsaturated meats and dairy products. *R. E. Hodges, A. F. Salel, W. L. Dunkley, R. Zelis, P. F. McDonagh, C. Clifford, R. K. Hobbs, L. M. Smith, A. Fan, D. T. Mason and C. Lykke*
1141 Iron deficiency and dietary factors in Finland. *H. Takkunen and R. Seppänen*
1148 Cellular immunity in semistarved states in hospitalized adults. *B. R. Bistrian, G. L. Blackburn, N. S. Scrimshaw and J-P. Flatt*
1156 Iatrogenic lipidosis following prolonged intravenous hyperalimentation. *U. Freund, Y. Krausz, I. S. Levij and M. Eliakim*
1161 Effect of high crude fiber intake on transit time and the absorption of nutrients in South African Negro schoolchildren. *A. R. P. Walker*
1170 Nutritional and environmental factors affecting gestation length in rhesus monkeys. *A. J. Riopelle and P. A. Hale*

**special article**

1177 Scientific consensus, nutrition programs and economic planning. *R. W. Longhurst and D. L. Call*

**perspectives in nutrition**

1183 Amino acid composition of the diet in a region of Southern Tunisia. *M. el Lozy, D. M. Hegsted, G. R. Kerr, E. Boutourline, G. Tesi, M. T. Ghamry, F. J. Stare, Z. Kallal, M. Turki and N. Hemaidan*

**international nutrition**

1189 A simple method to evaluate the massive dose vitamin A prophylaxis program in preschool children. *K. Vijayaraghavan, A. Nadamuni Naidu, N. Pralhad Rao and S. G. Srikantia*

1194 **announcement**

1194 **erratum**

## Number 11, November 1975

**letters to the editor**

1195 Safe protein-calorie ratios in diets: reply to Drs. Sukhatme and Payne. *P. Corey and G. H. Beaton*

**original communications**

1200 Vitamin $B_6$ levels of rheumatoid arthritis: effect of treatment. *H. R. Schumacher, F. W. Bernhart and P. György*

1204 Lowering of plasma cholesterol levels in free-living adolescent males: use of natural and synthetic polyunsaturated foods to provide balanced fat diets. *E. A. Stein, D. Mendelsohn, M. Fleming, G. D. Barnard, K. J. Carter, P. S. du Toit, J. D. L. Hansen and I. Bersohn*

1217 Serum and erythrocyte folates in combined iron and folate deficiency. *C. Hershko, N. Grossowicz, M. Rachmilewitz, S. Kesten and G. Izak*

1223 Influence of maternal nutrition on birth weight. *A. Lechtig, C. Yarbrough, H. Delgado, J-P. Habicht, R. Martorell and R. E. Klein*

1234 Lack of effect of massive dose of vitamin C on fluoride excretion in fluorosis during a short clinical trial. *K. A. V. R. Krishnamachari and N. Laxmaiah*

1237 Effect of varying ratios of fat and protein in fiber-free semisynthetic diets on fecal output of pig-tailed monkeys (*Macaca nemestrina*). *G. A. Spiller, E. Averkin, D. E. Bidlack and R. J. Amen*

1242 A fine structural demonstration that some benzopyrones act as vitamin P in the rat. *J. R. Casley-Smith, E. Földi-Börcsök and M. Földi*

1255 Interrelationship between the B-vitamins in $B_{12}$-deficiency neuromyelopathy. A possible malabsorption-malnutrition syndrome. *D. K. Dastur, N. Santhadevi, E. V. Quadros, B. M. Gagrat, N. H. Wadia, M. M. Desai, B. S. Singhal and E. P. Bharucha*

1271 Treatment of reactive hypoglycemia with buformin. *M. Sekso, M. Solter, V. Zjacić and T. Čabrijan*

1277 Endogenous ethanol production and hepatic disease following jejunoileal bypass for morbid obesity. *E. Mezey, A. L. Imbembo, J. J. Potter, K. C. Rent, R. Lombardo and P. R. Holt*

1284 Serotonin metabolism in children with kwashiorkor. *M. Teotia and S. P. S. Teotia*

1289 Food iron absorption. I. Use of a semisynthetic diet to study absorption of nonheme iron. *J. D. Cook and E. R. Monsen*

**comments in gastroenterology**

1296 Diet and the lower esophageal sphincter. *D. O. Castell*

**methods in nutrition**

1299 A field worker's guide to a nutritional status survey. *H. J. L. Burgess and A. Burgess*

**international nutrition**

1322 Dietary intake in the third trimester of pregnancy and birth weight of offspring among nonprivileged and privileged women. *M. Gebre-Medhin and A. Gobezie*
1330 Amount and rate of disappearance of liver fat in malnourished infants in Jamaica. *J. C. Waterlow*

1337 **book reviews**

1339 **erratum**

## Number 12, December 1975

**letters to the editor**

1341 Food folate values. *S. W. Thenen*
1342 Reply to Dr. Thenen. *W. A. Daniel, Jr.*
1343 High intake of sucrose and heart attacks. *J. Yudkin*
1344 Nerve-growth factor and lipoatrophic diabetes. *A. F. DiNicola*
1345 Misconceptions about Mothercraft Centers. *R. K. Manoff*
1346 The food population crisis: who is guilty? *P. Griminger*
1347 Plant fibers in nutrition: need for better nomenclature. *D. Schaller*
1348 Inhibition of iron absorption by coconut milk. *Thein-Than, Thane-Toe and Aung-Than-Batu*
1348 Instant ultralogic: clarity or confusion? *E. F. P. Jelliffe and D. B. Jelliffe*
1349 The nutrition program for the elderly (NPE), 1973–1975. *D. F. Chichester*
1349 Reply to Dr. Chichester. *D. M. Watkin*
1350 Total, soluble and ionizable iron in food. *Mg-Mg-Thwin, Aung-Than-Batu and Thein-Than*

**original communications**

1351 Serum cholesterol and bowel flora in the newborn. *V. C. Harrison and G. Peat*
1356 Important role of tryptophan on albumin synthesis in patients suffering from anorexia nervosa and hypoalbuminemia. *S. H. Yap, J. C. M. Hafkenscheid and J. H. M. van Tongeren*
1364 Malnutrition studies in *Macaca mulatta*. IV. Energy and protein consumption during growth failure and "catch-up" growth. *G. R. Kerr, M. el Lozy and G. Scheffler*
1377 Inability of chronic alcoholics with liver disease to use food as a source of folates, thiamin and vitamin $B_6$. *H. Baker, O. Frank, R. K. Zetterman, K. S. Rajan, W. ten Hove and C. M. Leevy*
1381 Megavitamin E supplementation in man. *P. M. Farrell and J. G. Bieri*
1387 Interrelationships of insulin, glucose, lipid and anthropometric data in a natural population. *T. C. Gibson, E. S. Horton and E. B. Whorton*

1395 Fortification of common salt with iron: effect of chemical additives on stability and bioavailability. *B. S. Narasinga Rao and C. Vijayasarathy*
1402 Twenty-four hour urinary excretion of vitamins, minerals and nitrogen by Eskimos. *J. J. Ellestad-Sayed, J. A. Hildes, O. Schaefer and M. C. Lobban*
1408 Effect of wheat fiber on blood lipids, fecal steroid excretion and serum iron. *D. J. A. Jenkins, M. S. Hill and J. H. Cummings*
1412 Stimulation of albumin synthesis by amino acids following partial hepatectomy in the rat. *R. E. Kirsch, E. A. Lloyd, L. O. 'C. Frith, B. Gordon and S. J. Saunders*
1416 Effect of maternal sucrose intake on the metabolic patterns of mature rat progeny. *C. D. Berdanier*
1422 Comparison of the nutritional status of pregnant adolescents with adult pregnant women. II. Anthropometric and dietary findings. *E. H. Morse, R. P. Clarke, S. B. Merrow and B. E. Thibault*

**special article**

1429 A program for total parenteral nutrition at home. *M. E. Shils*

**nutrition survey**

1436 Vitamin A nutritional status of rural community of Khol block in Haryana, North India. *B. N. Tandon, K. Ramachandran, L. M. Nath, N. N. Sood, D. K. Gahlot, M. C. Gupta, J. P. Wali, S. N. Sinha, P. C. Hasteer and P. R. Kutty*

**international nutrition**

1443 Food intake, its relationship to body weight and age, and its apparent nutritional adequacy in New Guinean children. *A. Ferro-Luzzi, N. G. Norgan and J. V. G. A. Durnin*
1454 Nutritional survey in an iron- and folate-deficient population. *S. Levy, M. Rachmilewitz, N. Grossowicz, Y. Reshef and G. Izak*
1458 Effects of betel nut and fermented fish on the thiamin status of northeastern Thais. *S. L. Vimokesant, D. M. Hilker, S. Nakornchai, R. Rungruangsak and S. Dhanamitta*

1464 **book review**

1465 **subject index**

1473 **author index**
